ASSEMBLY INSTRUCTIONS

**Please keep these instructions for future reference. Adult assembly required.
This table is not a toy & is intended for use by or under the supervision of adults.
Please do not sit, climb or lean on the table.
The table is intended for indoor use only.**

1. Find a clean & level place to begin the assembly of your MATCH table football game. You will need a Phillips screwdriver, an allen key & a hammer. Remove all parts from the box & save all packing materials until the parts have been inspected & the table is assembled.
2. First attach the legs – place the table upside down on the floor. Attach the legs using the 16 allen key bolts provided – 4 bolts per leg.

3. Stand the table up on its legs & prepare to fit the poles. Push the bars into the table, placing the handle-end of the pole through the hole first from the inside.

Then starting from the blue score counters end of the table insert the poles as follows:

- Blue 1-man pole
- Blue 2-man pole
- Red 3-man pole
- Blue 5-man pole
- Red 5-man pole
- Blue 3-man pole
- Red 2-man pole
- Red 1-man pole

There should now be 4 poles on each side of the table with the blue & red teams facing each other. Refer to the picture on the front of these instructions to check the correct player formation.

4. Now fit the pole bearings as shown in the diagram below. At both ends of the poles fit 2 half moon bearings with legs to the inside of the table & then 2 half moon bearings without legs to the outside of the table. Secure with 1 screw. Finally hammer on the handles to the end of the poles. Now fit the black pole studs to the other end of the poles.

5. If not already fitted, attach the blue & red score cubes to the top of the ends of the table with the 4 long screws provided. Also fit the 2 black plastic goal covers with the black screws provided.

You are now ready to play

Cleaning & Maintenance

Use everyday household glass cleaner for both the glass & laminate surface.
